Department of Telecommunications and Energy
Fitchburg Gas and Electric Light Company
Docket Nos. D.T.E. 02-24/25
Responses to the Division of Energy Resources First Set of Information Requests

Request No. DOER 1-26 (Electric):

Please refer to page 45, lines 4. Please define "accrued rev internal transmission" and provide a comprehensive list of all items/functions/activities that are considered by the Company to fall within this definition.

Response:

"Accrued rev internal transmission" is accrued revenue related to the Electric Division's Internal Transmission Charge. This account functions as a balancing account to record the difference in Internal Transmission Charge revenues and Internal Transmission Charge costs. As provided for in FG&E's Internal Transmission Service Cost Adjustment tariff, the Internal Transmission Charge (and Adjustment) includes the charges under FG&E's FERC-approved Open Access Transmission Tariff and FG&E's Pool Transmission Facilities revenue requirement as included in NEPOOL's Open Access Transmission Tariff.
